

# GACHES CHIMIE

GLOBAL CHEMICAL SOLUTIONS

## LABORATORY CUSTOMER SUPPORT SURFACE TREATMENT

---

### LABORATORY

---

- Extractions
- Baths and non-destructive control fluids analysis
- Physico-chemical properties
- Analysis of the pollutants
- Calculations of additions
- Industrial waster analysis

---

### CUSTOMER SUPPORT

---

- Monitoring, operation and maintenance of surface treatment plants and associated detoxification stations
- Bath repair with emptying, cleaning, addition and regeneration
- Turnkey solution of a surface treatment plants

## DYE PENETRANT ANALYSIS

- Density viscosity
- Karl Fischer water determination
- Fluorescence intensity

## RECONDITIONING AND MANUFACTURE OF READY-TO-USE BATHS

- Examples: editing solution ALODINE 1200, fluo nitric bath, tracer solution of the presence of parts deficiency ...

## CERTIFICATIONS & ACCREDITATIONS:

## QUALIFICATIONS:

**AIRBUS**

**BOEING**

**OUR STRENGTHS:** Strong of 25 years of experience in surface treatment we guarantee :

Short analysis time

Responsiveness

Process improvement
